

Thanks to people like you, I am able to keep my promise to give these dogs a home, a new life and a safe future. I decided long ago to leave everything I have to ROLDA because it is a charity that has a healthy growth, respects its principles, fits my life values and is coordinated by an international board, showing full transparency. My testament to ROLDA is not a line in a will, it's the privilege to reward a charity that gave me the possibility to define myself and to make a difference in this world.

Join me as a Forever Person!

THANK YOU

for remembering us in your will

FOREVER PERSON

“Forever” People are men and women who have determined that one of the lasting testaments of their lives will be to help the abused animals and the environment projects sustained by ROLDA.

our vision

a fair world in which voiceless, innocent animals live in dignity and are treated with compassion and respect;
a peaceful world where people will be educated enough to respect animal rights and to understand the benefits of animals’ companionship;
a place where the impact of your bequest to ROLDA will work to respect, preserve and promote your life’s values;

a bequest to ROLDA, a SAFE tomorrow for animals and the environment!

You don’t have to be rich or famous to make a difference. You just have to **make a simple decision**. Whoever you are, whatever your situation is, you can help create a better world by including ROLDA in your will.

four easy steps to make a lasting impact

Let me share with you what I like to call one of life's 'chocolate moments': one of those occasions when the rest of life is suspended, and you find yourself totally absorbed in something wonderful that flavours your life forever.

I was sitting near a group of new rescued dogs inside a kennel. Their fear and wild reactions stopped. Their bad memories caused by a traumatizing past, gone. The distance between us, vanished. They suddenly behaved like they belonged to someone. I instantly became stronger because I felt part of their world. How privileged are we in moments like that?
